ABOUT US

At Resources-One, a well-established leader in Consultation and Recruitment across Egypt and beyond, we are deeply committed to empowering organizations to achieve their strategic ambitions through exceptional HR practices. In today's dynamic business landscape, aligning your human capital strategy with your core business objectives is paramount.

We partner with you to develop bespoke HR strategies, optimize your organizational structure for seamless information flow, and establish clear frameworks with detailed job descriptions, KRAs, and KPIs.

Our expertise extends to creating robust performance appraisal systems that drive efficient performance management and foster growth. We also establish comprehensive manpower planning and recruitment strategies, alongside tailored training and development plans rooted in thorough Training Needs Analysis.

To help retain top talent, we design competitive pay structures using detailed job evaluations and market comparisons. We also use our proven GAP Analysis method to assess current performance, identify challenges, and suggest practical improvements.

With our Salary Survey Service, we provide the insights you need to make informed HR decisions.

As Egypt's first and most experienced provider in this field—especially among the top 100 pharmaceutical companies—we offer accurate, up-to-date salary and benefits data to help you stay competitive.

At Resources-One, we're more than a service provider—we're your strategic HR partner.

Let us help you make the most of your people and drive your organization's long-term success. Sincerely,

Dr. Nareman Khattab
